

## Overseeding Mixture

GrassMax™ overseeding mixtures have been designed to meet the precise requirements of the field and its intended use. It is important to remove all surplus growth from the existing sward before overseeding.

Seed Rate	Pack Size	Use
10kg/acre (25kg/ha)	20kg	Overs

All standard GrassMax™ mixtures are available without clover.

The 10kg/acre seed rate is maintained by substituting the clover with additional grass.
